## WMF KITCHENminis Kettle 0.8 l Deep Black

**Black has never been brighter.**

The WMF brand has always stood for premium design and function. That's why we developed KITCHENminis Deep Black. It's timeless and trendy at the same time. The KITCHENminis Deep Black kettle also offers maximum convenience and uncompromising performance in a compact size. This kettle with its 1,800 Watts of power, 0.8-litre capacity and concealed stainless steel heating element can also be used for heating even the smallest quantities of water. Opening the lid is practical with just the touch of a button. The amount of water required can be measured precisely thanks to the internal water level display. The dry run and overheating protection as well as the automatic boiling shut-off function and locking lid provide the necessary safety.
